PARTICIPANT FEEDBACK

"Participating in Automechanika Astana was a major event for our team. It provided an opportunity to showcase key solutions in the auto components sector, strengthen business relationships, and exchange expertise with the professional community.

We sincerely thank the Automechanika management for maintaining high exhibition standards and creating a space where business truly grows. Your contribution to the industry's development is invaluable."

Abdulkuddus Khodzhaev

General Director, TruckMotors

"We're pleased to participate in Automechanika Astana every year. Many thanks to the organizers for providing a great platform for communication, experience exchange, and establishing new partnerships!

Participation not only reminds our audience about us but also provides valuable feedback from potential clients and industry colleagues. We also establish connections with new suppliers — opening up additional opportunities to expand our product range and improve our service."

Maria Kim

Marketing Director, Sillan.kz

"Regular participation in the exhibition contributes to growing brand awareness of Briss Filter, ensures a steady flow of clients, and supports annual sales growth. "We observe consistent progress in both the exhibition itself and our company's development."

Vladimir Filatov

Representative, Briss Filter Plant (Kazakhstan)
