Zhejiang Quality Used Car Export Exhibition (Central Asia Station) will be unveiled at booths B13/B14 of the International Exhibition Center of the Astana World Expo in Kazakhstan from May 5 to 7, 2025. Zhejiang Province has carefully organized the participation of used car export enterprises from within the province in this exhibition, showcasing the achievements of Zhejiang Province in used car exports in recent years, as well as high-quality export enterprises, online platforms, and more.

China's new energy vehicle industry is booming, and Zhejiang boasts a complete automotive industrial chain and used car market, providing a solid industrial foundation for used car exports. In recent years, Zhejiang Province has regarded the development of used car exports as a key measure to cultivate new momentum in foreign trade and optimize the trade structure. It has been actively exploring overseas market sales channels. This time, Zhejiang will gather high-quality enterprises within the province to showcase cost-effective new energy vehicles, highlighting the outstanding quality of China's intelligent manufacturing and the concept of low carbon.
